SUMMARY:

Gender equality issues impact and are reflected in higher education systems worldwide – with unequal access to higher education in many countries, fewer resources and opportunities available to women, the existence of violence against women affecting students and staff, and sustained underrepresentation of women in leadership positions in higher education institutions.

There is a critical need to address gender inequalities in higher education, keeping this in mind Dr Veera Raju spoke and inspired the audience how to incorporate gender equality in higher education. He added Higher education institutions (HEIs) are the incubators for the thought leaders and social leaders of the future.

WOMENS RIGHT AND ACCESS TO CRIMINAL JUSTICE SYSTEM

Date: 19th APRIL 2019

Venue: Lecture Gallery 1

Speaker: Mr. VIJAY KUMAR

Advocate

KIMS

Contact: 9849107125

SUMMARY:

Women victims of violence experience various difficulties and barriers in accessing justice. Studies have attributed the existence of these barriers to law and to society's construction of women and of women's issues. There is a need to look beyond legal measures and into the interplay of politics, economics, and culture in women's access to justice in cases of violence.

Mr..Vijay Kumar being an advocate by profession enlightened us about the ongoing violence against women in the society and the various rights that have been implemented by the government for their protection against the crimes.
